Education

Chandubhai S. Patel Institute of Technology

Bachelor of Technology in Computer Engineering (GPA: 8.31 / 10.00)

2021 – 2025

Anand, Gujarat

Summary

Passionate Full-Stack Web Developer looking for a challenging role in Computer Engineering to create efficient, scalable, and innovative software solutions while enhancing development processes.

Experience

Tuvoc Technologies Private Limited

Software Developer Intern

Jan 2025 – Present

Ahmedabad, Gujarat

- Developed and maintained backend APIs using Node.js and Express.js .
- Worked with databases like MongoDB/MySQL for efficient data storage and retrieval.
- Implemented secure authentication and authorization using JWT and OAuth.
- Collaborated with frontend developers to integrate APIs seamlessly.

Projects

CareerHub – Online Job Platform | React.js, Node.js, Express.js, MongoDB

[github](#)

- Designed and developed a full-stack job portal using the MERN stack.
- Implemented user roles (Admin, Employer, Job Seeker) with secure authentication using JWT/OAuth.
- Integrated job posting, resume uploads (AWS S3), real-time chat, and notifications using Socket.IO.
- Built an AI-powered job recommendation system based on user profiles and preferences.

Kesariya – Event Management System | React.js, Node.js, Express.js, Sequelize

[github](#)

- Implemented role-based access control for Super Admin, Admin, and Customer.
- Integrated real-time notifications for event updates, ticket bookings, and cancellations via WebSocket.
- Developed ticket booking with availability tracking and refund handling.
- Integrated reporting with CSV/PDF exports for event revenue, customer bookings, and financial summaries.
- Implemented secure authentication using JWT and bcrypt for password hashing.

Funny – Social Networking Platform | React.js, Node.js, Express.js, MongoDB

[github](#)

- Developed a real-time chat and social networking platform using the MERN stack with Socket.IO.
- Implemented user authentication with JWT/OAuth for secure access.
- Enabled users to post photos, like, and comment on posts.
- Implemented real-time notifications for likes, comments, and messages.
- Built features like read receipts, typing indicators, and online status updates.

Technical Skills

Languages: C/C++, Javascript

Technologies/Frameworks: HTML, CSS, React.js, Express.js, Node.js, MongoDB, SQL

Concepts: Operating System, Database management system, Software Engineering, Computer network, OOPS , DSA

Developer Tools: VSCode, MongoDB Compass ,Postman

Achievements

- Participated in 21+ coding contests on CodeChef.
- Achieved a highest rating of 859 in CodeChef Starters 100 Division 3.
- Participated in university-level coding contests 'CodePie 2.0' and 'CodePie 3.0'.
